## Agi Hall COVID Rental Terms

Consistent with B.C. government guidelines, the Gabriola Agricultural Co-op Board of Directors has developed new safety protocols that must be observed by those renting the building. These protocols reduce but do not eliminate the risk of COVID19.

Any group using the Agi Hall do so at their own risk and need to determine how they can comply with these safety protocols. They are welcome to implement any additional precautions they see fit to further protect their group.

We are limited in our capacity and resources to ensure our safety protocols are followed and are not set up to monitor compliance. We are relying on everyone to take responsibility for their own health.

### AGI CO-OP HALL SAFETY PROTOCOLS:

1. Complete this B.C. Health self-assessment tool before going to the Agi Hall  
<https://bc.thrive.health/covid19/en>
2. Use the provided hand sanitizer upon entering and leaving the building.
3. Remember to sneeze and/or cough into your elbow.
4. Maintain a physical distance of 6 feet, 2m, from others. Wearing a mask is highly recommended.
5. No more than 16 people can physically distance safely in the Hall; only 10 people for physical activities such as Yoga, Tai Chi etc.
6. Open windows and doors to promote air circulation if weather conditions permit. If conditions do not permit opening doors and windows, then operate the heat pumps on a fan setting of 27.
7. Disinfect all contact surfaces (this includes heat the pump remote) using the alcohol disinfectant that is provided. Designate one person to oversee the sanitization protocol for each session.
8. At the recommendation of Vancouver Island Health, the kitchen will be closed.
9. Wash your hands frequently.
